

Calling all budding young artists! (3-8 years old)

## Express YouRseLf!

Kidzu Children's Museum's popular family program celebrates the joy of making art. Who can resist the squish of clay between your fingers, the delight of mixing colors to make gorgeous new shades, the thrill of tearing paper to create a collage, or the fun of using everyday objects to make beautiful art? Express Yourself! celebrates the artistic process and the creative talents that we all possess.
